

## WAR IN AFRICA IS FAR FROM ENDED

Report That Botha Has Made an Attack in Natal.

### HEAVY LOSS OF BRITISH REPORTED

BURGHERS MAKE AN ASSAULT ON KEKEWICH'S CAMP, BUT ARE BEATEN.

English Colonel Wounded in the Battle—London Disturbed by the Renewed Activity of the Burgers—Attack on Itala Repulsed.

NEW YORK, Oct. 2.—A cable to the Sun from Berlin says: Papers connected with the Boer quarters at Brussels and The Hague print a dispatch from Durban, dated October 1st, stating that General Botha made another attack on General Hamilton's brigade, southeast of Melmoth, Zululand. The Boers killed or wounded more than 150 of the British and took some prisoners. They captured forty wagons and large herds of cattle. General Botha continues his advance into Natal. His outposts are already on the Tugela river.

A cable to the Sun from Pretoria says: There has been severe fighting near Magers Nek. General Delany attacked Colonel Kekewich at dawn. The British casualties were heavy. The troops fought magnificently. The Scottish horse sustained the heaviest losses. Eventually the Boers were repulsed with heavy loss. General Delany had suddenly concentrated about 1000 men, and with these he made the attack.

LONDON, October 2.—Lord Kitchener today reports that two officers and 30 men have been killed in an attack made on Colonel Kekewich's camp at Mosdell. The Boers, who were under Commandants Delany and Kemp, had fourteen officers and 114 men wounded, after two hours' fighting, when the Boers were driven off. Colonel Kekewich was among the wounded.

The Boer reverse at Mosdell occurred on September 28th. The Boers are reported to have been 1000 strong. Lord Kitchener, in his dispatch, says the British repulsed the attack with great vigor. Colonel Kekewich was slightly wounded in two places. He says that all the ranks behaved extremely well. The wounded were taken to Rustenburg, half way between Pretoria and Mafeking.

Lord Kitchener confirms the heavy losses of the Boers, about 250 killed and 300 wounded, during their attack on the forts of Itala.

He says the guns recently captured at Vlakfontein have been recovered from the Boers.

LONDON, Oct. 3.—A telegram from Bloemfontein indicates that the guns Lord Kitchener reported having recovered

ed were dug up, the Boers having buried them. A mixed column under General Kitchener, Lord Kitchener's brother, has been sent to relieve, presumably Natal, from Commandant-General Botha's forces. It has reached Vryheid.

### RENEWAL OF FIGHTING WORRIES THE BRITONS

LONDON, Oct. 3.—"For months past we have been told," says the Daily Graphic, "that if the Boers would only abandon their elusive tactics and come to close quarters we should see what we should see. The Boers have taken us at our word and the results are certainly not encouraging."

The chorus of dissatisfaction with the inertia of the Government is daily gathering force. Winston Churchill, speaking last night at Oldham, described the situation in South Africa as "serious and disquieting." He said the war could be ended only by vigorous military operations. The Daily Mail and the Daily Chronicle comment upon the fact that the huge British army is seemingly only able to remain on the defensive.

It is believed that the Government at last recognizes the necessity of meeting the renewed Boer activity. Preparations are being made to replace Lord Kitchener's exhausted men by fresh drafts. An order has been issued rendering it impossible to obtain discharge by purchase from any of the army reserves, sections of which are being prepared for mobilization.

Lord Kitchener has sent home a fresh batch of Imperial Yeomanry, suffering from organic diseases unfitting them for life on the veldt, together with a strong protest against the waste of public time and money in enlisting such men.

There is further evidence of the seriousness of the situation in Cape Colony. The Cape Premier, Sir John Sprigg, has come to Johannesburg to meet Lord Kitchener and Lord Milner in conference, probably on the subject of declaring the Cape ports under martial law.

Mosdell, the scene of the bold attack by Commandant Delany on Colonel Kekewich's camp, is sixty-five miles west of Pretoria and fifteen miles west of Rustenburg. As the wounded were being brought back to Rustenburg, it was as though Mosdell had been abandoned.

**Boer Attack Repulsed.** DURBAN, Natal, Sept. 30.—A force of 1500 Boers, commanded by General Botha, made an attack, which lasted all day long September 28th, on Fort Itala, on the border of Zululand. The burglers were finally repulsed, but at a heavy cost to the garrison, whose losses were an officer and eleven men killed and five officers and thirty-eight men wounded. In addition sixty-three men are missing, of which number many are believed to have been killed or wounded.

Boer Commandant Opperman and nineteen burglers are known to have been killed.

**LADYSMITH, Natal, Sept. 30.**—The British success at Fort Itala is now known to have been greater than at first reported. Two hundred Boers were killed and 300 were wounded or captured.

**NEW YORK, Sept. 30.**—A cable to the Sun from Bloemfontein says: News received here from Cape Town says the entire field of war has changed. All fighting is now being done in Cape Colony

and Natal, while the Transvaal and Orange River colonies are quiet. There are nine commandos in Cape Colony, and they are growing rapidly in numbers. There is some idea that the Boers are making a concerted move toward Cape Town.

**Botha Along the Border.** LONDON, Oct. 1.—A dispatch from Pretoria to the Times says that while Commandant-General Botha was attacking the Natal forts a party of about forty Boers invaded Zululand and raided cattle belonging to the natives. The burglers then offered to return the cattle if the chief would undertake not to defend the border against the Boers. The chief replied that he would remain true to his king.

Botha's move on the border, says the correspondent, was clever and enabled him to strike a point a long distance from any railway. Now, however, his only alternatives are the invasion of Zululand or a rapid retreat along its northeast frontier.

### MURPHY UNION.

An Employment Bureau and Other Side Institutions Planned.

The Francis Murphy Temperance Union is on a fair way to success if it keeps up the good work it has done in the past week. Four new pledge signers have added their names to the roll of teetotallers this week already, and it is hoped that the number will be largely increased before the week is ended.

The club intends to start an employment bureau and asks that all business houses who need help will kindly send their orders to the secretary and he will try and fill them with good sober men.

A fine program is being arranged for next Saturday and it is expected that the hall will be filled as it always is at our entertainments. The public is cordially invited to attend as the admission is free.

### MURPHY UNION.

The Effect Here.

The end of the strike in San Francisco is already being felt here. All orders for meats, fruits and other supplies intended for the Sierra came through without interruption. A whole fleet of sailing vessels were being loaded, at last accounts, for Honolulu. Prices have already begun to weaken to normal.

### A Typical South African Store.

O. R. Larson, of Ray Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists and dealers. Benson, Smith & Co., agents for Hawaii.

Book binding from us is always satisfactory.
